International Freight

Phoenix International Business Logistics has been appointed as the official international freight forwarder and customs broker. For more information, please visit their [website](#) or [download the International Shipping Instructions](#).

Targeted Freight Move-In Guidelines

All Exhibitors have a Targeted Freight Move-In Date. Determine your targeted freight move-in day by referring to the color-coded Targeted Freight Move-In Floor Plan, [found here](#).

- The targeted freight move-in schedule pertains only to freight arrival. It does not necessarily represent the day the exhibitor should start setting up. Exhibitors may move in once their freight has been delivered to their booth.
- The targeted freight move-in date primarily applies to direct shipments. It is the day that exhibitors shipping direct to the convention center can have their shipments arrive. All delivery vehicles must check-in to the marshaling yard and await deployment to the convention center to be unloaded. The delivery of the direct shipments to the booth will depend on when the truck checks into the marshaling yard, what position in line the truck is in to be sent to the convention center for unloading, and how long it takes Freeman to unload the truck at the loading dock, log in all parts of the shipment and then deliver them to the booth. Due to the number of direct deliveries each day, this can take hours. Even though an exhibitor has a target time of 8:00am on a specific date, this does not mean the shipment can come directly to the convention center and get to the booth by 8:00am to start setting up. As a result, exhibitors should not schedule setup labor at their exact targeted freight time.
- The way that the target freight move-in date applies to advance shipments is that Freeman guarantees that warehouse deliveries will be delivered to the booth by your targeted time and date. In this scenario, if an exhibitor has a targeted freight time of 8:00am on a specific day and has shipped everything to the advance warehouse, they could order labor to

start at 8:00am as their shipment will be at their booth. If there are concerns with the amount of time available to set up, we recommend shipping to the advance warehouse as this provides the maximum amount of setup time available.

- Exhibitors do not need to be present on their targeted freight day if they do not feel the need to be there. If an exhibitor is targeted with 4 days to setup but they only need 2 days, they only need to make sure any shipments sent directly to the convention center arrive on their target date. Any advance shipments will be placed at their booth by the target day. When exhibitors arrive to setup, their shipment will be at the booth, and they will be ready to begin working.

Exhibitor access will terminate at 5:00 PM each set-up day. Set-up hours are as follows: [Target Move-In Floor Plan](#)

- Exhibitors with a targeted freight date of Wednesday may begin set-up on Wednesday, November 9th, after your target date time and *after the receipt of your freight*.
- Exhibitors with a targeted freight date of Thursday may begin set-up on Thursday, November 10th, after your target date time and *after the receipt of your freight*.
- Exhibitors may set up on Friday, November 11th, and Saturday, November 12th, from 8:00 AM until 5:00 PM.
- Neither setting up nor unpacking will be permitted after 6:00 PM on Saturday night to allow for the removal to storage of all cases and crates and the laying of aisle carpet.
- Children under 18years of age are not allowed on the show floor during the set-up and tear-down process. There are no exceptions to this rule.
- Contact the show office if you need additional time once you arrive at Javits.

Please note that the exhibitor service desk will only be in operation during the hours noted in the Freeman Quick Facts and services provided by Freeman and other vendors may be limited outside of those times.

Move-in/out Procedures

Self-Unloading / Hand Carry Policy

HAND CARRY

The Inner Roadway has been designated as the official and only location for exhibitors to hand carry or unload booth materials during the move-in and move-out periods. Please enter on 38th Street and 11th Avenue where security will direct you to the appropriate location. Exhibitors must be badged and may hand carry their merchandise from their privately owned vehicle (i.e. car, van, SUV but no larger than a Sprinter van) to the designated exhibit areas. Exhibitors may use nothing larger than a two-wheeled baggage cart (plastic or rubber wheels only) or hanging clothes racks with four wheels to move in their items. Hand carts & dollies are not permitted. Unloading requires one person to remain with the vehicle at ALL times. Product must be unloaded within 30 minutes and the vehicle must then be moved. Vehicles left unattended will be ticketed and towed. See Labor Rules and Regulations for specific instruction.

Privately Owned Vehicles (POV)

Vehicles that qualify as a POV may utilize the POV Check-In Area at the Jacob K. Javits Convention Center. Freeman workers equipped with flat carts will assist exhibitors with unloading at the posted roundtrip rate. Large vehicles are limited to a Sprinter van, no box truck allowed. Two people must be with the vehicle – one to accompany the product to the booth and one to remove the vehicle from the area – and the vehicle must be completely unloaded within 30 minutes of arrival at the unloading area. Vehicles that do not qualify for this service or that require mechanical assistance to unload will be directed to the marshaling yard.

A POV, or Privately Owned Vehicle, is any vehicle primarily designated to transport passengers and not cargo or freight. Qualifying vehicles include: pick-up trucks, passenger van, SUV, taxi.

Targeted Move-Out Procedures

All exhibitor materials must be removed from the exhibit facility by Wednesday, November 16, 2022 at 2:00 p.m. Please refer to the [Target Move-Out Floor Plan](#) for your carriers' check-in time.

To ensure all exhibitor materials are removed from the exhibit facility by the Exhibitor Move-Out deadline, please have all carriers check-in by Wednesday, November 16, 2022 at 12:00 p.m. In the event your selected carrier fails to show on final move-out day, Freeman reserves the right to re-route your freight onto another carrier.

Outbound Shipping

Freeman Exhibitor Support will gladly prepare your outbound Material Handling Agreement and labels in advance. Complete the Outbound Shipping form and your paperwork will be available at show site. Be sure your carrier knows the company name and booth number when making arrangements for shipping your exhibit at the close of the show.

INSTALL/DISMANTLE & LABOR REGULATIONS

UNION JURISDICTIONS at Jacob K. Javits Convention Center

There are three (3) major unions that have jurisdiction over trade shows. The following information will help guide you in understanding and conforming to union jurisdictions and its adherence to them when required.

TEAMSTER UNION:

Teamsters handle freight at the exhibit hall. They unload trucks or vehicles and deliver materials to and from booths. They also provide rigging of machinery, moving services and spot machinery in your booth. The normal rigging crew consists of two men and a forklift. Customarily, this service must be ordered in advance at exhibitor's expense.

CARPENTER UNION:

Carpenters handle the erection and dismantling of display and exhibit booths. This also includes all display work. Carpenters uncrate and re-crate machinery or equipment and install and remove all draping and floor covering.

ELECTRICAL UNION:

Electricians handle all electrical work, which includes supply power lines to your booth, connecting equipment to outlets and install signs or headers that are lighted, unless they are permanently a part of the exhibit backwall.

Labor/Union Laws

Union Labor is required to assist in the installation and dismantling of exhibit booths.

Exhibit labor, freight and rigging labor, electricians and plumbers can be arranged for at established rates, using the providers' order forms. Exhibitors may not operate or utilize any type of tools, powered or mechanical equipment.

Union exhibit labor claims jurisdiction for the installation and dismantling of exhibits.

Union Labor is not required to put your products on display, to open cartons containing your products, nor to perform testing, maintenance, or repairs on your products.

If you hire any labor to assist you, it must be through the Official Contractor (Freeman) or a contractor which meets all of the regulations as an Exhibitor Appointed Contractor (EAC).

Forklifts

Forklift labor is an exclusive service provided by Freeman.

WHAT CAN EXHIBITORS DO WITHOUT UNION PERSONNEL?

Contrary to popular belief, exhibitors are allowed to do some work within the privacy of their own booths. Exhibitors may install and dismantle their own exhibit and lay their own carpet in their own exhibit area as long as the booth size is 250 sq ft or less and the following conditions are met:

- 1) No tools are used in the assembly or dismantle.
- 2) Individuals performing the work must be full time employees of the exhibiting company and carry identification to verify this fact. Exhibitors are allowed to unpack and repack their own products (if in cartons, not crates) and are allowed to do technical work on their machines, such as balancing, programming, cleaning of machines, etc. Exhibitors may "hand carry" or use nothing larger than a two-wheel baggage cart (rubber or plastic wheels only) to move their items. Exhibitors may move a "pop-up" display (equal or less than 25' in length) capable of being carried by hand by one person. The individuals moving the items must be full time employees of the exhibiting company and must carry identification to verify this fact. We hope the above will help you. If you are in doubt, do not wait until you get to the show to ask questions. Call the Show Manager or Freeman in advance.

Tipping

Tipping is expressly prohibited. This includes such practices as giving money, merchandise, or other special consideration for services rendered. Any attempt to solicit a gratuity by an employee for any service should be reported immediately to Freeman.

Building Rules/Guidelines

Please refer to the [Javits Center's Planning Guide](#) for more information. It is also strongly recommended that all exhibitors visit the [Jacob K. Javits Convention Center's Exhibitor](#) page. This page includes a [toolkit section](#) with helpful suggestions and information.

Safety

Fire Marshal Requirements & Permitting

Please visit the Jacob K. Javits Convention Center's [Guidelines & Information](#) page for Fire Marshal requirements.

OSHA Regulations

All exhibitors and hired third-party contractors, must comply with environmental laws and OSHA regulations.

Cleaning

Clean Floor Policy

Items must be removed from the show floor as follows:

All crates and skids labeled for EMPTY storage: ***no later than 5:00 PM on Saturday, November 12, 2022.***

All bulk trash labeled for disposal: ***no later than 5:00 PM on Saturday, November 12, 2022.***

All ladders and large booth construction equipment: ***no later than 8:00 AM on Sunday, November 13, 2022.***

All booths set and show ready: ***no later than 8:00 AM on Sunday, November 13, 2022.***

Following this Clean Floor Policy schedule will allow Freeman sufficient time for overall cleaning of the exhibit hall, as well as provide exhibitors the space to complete their booth set up by keeping aisles clear.

There will be no exceptions to this policy. Crates without empty or access storage stickers will be tagged by the area floor managers or Freeman and removed from the exhibit hall – whether full or empty. Exhibitors may request product to be returned to their booth at the exhibitor's expense. Depending on where the crates are located, it may not be possible to access the crates prior to move-out.

Excessive/Bulk Trash

Any bulk trash which consists of display materials, carpet, padding, crates and/or pallets will be disposed of and charged both a dumpster fee and a disposal fee during exhibitor move-in. Excessive booth materials and/or literature left in the booth at the end of published exhibitor move-out that is not labeled for an outbound shipment or donation will be considered abandoned and deemed as bulk trash. Bulk trash is defined as any waste larger than 3' x 3' x 3' or 1m x 1m x 1m. The exhibitor will be charged for the removal and disposal of these items.

Booth & Material Abandonment

Exhibiting companies are required to make cleaning and labor arrangements for both material dismantle and/or removal. It is expected and required that all the exhibiting material be removed at the end of the show. It is not appropriate for bulk material to be left in the aisles during move-in or left behind during move-out. This includes, but is not limited to flooring, large boxes and crates, racks, exhibit displays, literature, etc. If the exhibiting company does not want any or part of their exhibit material, arrangements for cleaning labor and dumpster/disposal need to be made in advance through Freeman. Exhibitors that do not comply with this policy and leave excessive literature and/or display materials in their booth during move-in or move-out will be deemed guilty of "material abandonment" and will be charged for the removal of these items.

Care of the Facility

It is understood that exhibitors shall neither injure, nor mar, nor in any manner deface the premises.

No bolts, screws, hooks, or nails shall be driven into or otherwise attached to the walls or floors of the exhibit areas.

No part of the display may be attached to or otherwise secured to the columns, drapery backdrop or side dividers.

Decals or other adhesive materials shall not be applied or affixed to the walls, columns, or floor of the exhibit areas.

All curtains, draperies and decorations made from textiles of combustible fibers or other flammable materials must be flame proofed in the manner approved by all applicable jurisdictions.

Exhibitor shall promptly pay for any and all damages to the facility, booth equipment or the property of others caused by the exhibitor or any of its employees, agent's contractors or representatives.

EXHIBITOR APPOINTED CONTRACTOR

If exhibitors wish to use an Exhibitor Appointed Contractor (EAC), the following rules and regulations must be adhered to by the exhibitor and the EAC. **These rules will be strictly enforced.** Completion of the required EAC/I&D form qualifies as acceptance that the EAC will abide by all rules and regulations, especially those as contained herein for EAC.

The EAC/I&D contractor must be licensed, insured, and authorized to work in the Jacob K. Javits Center Contractors must adhere to all rules and regulations of BDNY, the Jacob K. Javits Center and the local unions. This includes keeping “no freight aisles” clear, clearing empty crates off the show floor, not dismantling any portion of the booth before show close, and being properly badged.

All contracted personnel must check-in at Exhibitor Registration before admission to the exhibit floor. Personnel must have proof of company affiliation and a photo I.D.

The EAC shall refrain from placing an undue burden on the official service contractors by interfering, in any way, with the official contractor’s work.

The EAC will not solicit business at the event and must wear badges at all times. It is the exhibitor’s responsibility to make sure that all independent contractors are properly badged before arrival.

If the EAC, in any way, disrupts the orderly conduct of business by any of the official contractors or impairs the smooth installation and dismantling of the event, the EAC will immediately cease such disruption or be removed from the event site. Show Management will have the final decision in such instances.

Emerald (Show Management), **BDNY** (Show Management), the **Jacob K. Javits Convention Center** (Facility), and **Freeman** (General Service Contractor) must be named as additionally insured by all contractors working in the hall. Show Management must receive the certificate of insurance no later than 30 days before the commencement of installation using the [EAC Notification & Insurance Submission Form](#). Show Management will give authorization to the EAC to provide installation and dismantling services to the exhibiting firm upon receipt of:

- Certificate of insurance for workers’ compensation and employers’ liability, comprehensive general liability, and automobile liability insurance.
- The workers’ compensation and employers’ liability insurance must provide a minimum limit of (recommended \$500,000 USD) and meet the requirements established by the state in which the event is being held.
- Comprehensive general liability coverage must provide at least (recommended \$1 million USD per occurrence /\$2 million USD general aggregate) in coverage and shall name Show Management, the sponsoring associations, the event owners, the official contractor, and the facility as additional insured.
- Automobile liability should include all owned, non-owned, and hired vehicles with limits of (recommended \$500,000 USD) bodily injury and (recommended \$500,000 USD) property damage liability.

In performing work for their clients, the EAC shall cooperate fully with the official contractors and **shall comply with existing labor regulations or contracts as determined by the commitments made and obligations assumed by Show Management in any contracts with the official contractors.** Failure to comply with these regulations will result in refusal or loss of authorization to perform services and immediate removal from the event site.

Services ordered on behalf of exhibitors by EAC’s or other third parties must be so authorized in writing by the exhibitor. Payment for all services will be the responsibility of the exhibitor.

Exhibitors using an installation and dismantling contractor (I&D), and/or an exhibitor appointed contractor (EAC) to set-up or teardown their exhibit, must complete the [EAC/I&D Info & Insurance Submission Form](#) by November 1, 2022.

Complete this form **only** if you are using the services of an outside contractor to install or dismantle your display. Please fill out the form completely.

Exhibitors wishing to donate product may make arrangements to do so at the conclusion of the show. Booth and display materials **should not** be left as donated materials.

Exhibitor Conduct /Good Neighbor Policy

Activities may not disturb neighboring booths. Exhibitors are required to keep all booth activities within the confines of their exhibit space and not interfere with aisle traffic flow or access to neighboring exhibits.

Exhibitors are required to conduct themselves and operate their exhibit so as not to annoy, endanger or interfere with the rights of others at the show. Unsportsmanlike, unethical, illegal or disruptive conduct, such as tampering with another party's exhibit or engaging in corporate espionage is strictly prohibited.

Temporary Staffing

CTI Convention Staffing, Tom Borst, Phone:(212) 297-1211. [Website](#) or [Email](#).

Noise / Music

In general, exhibitors may use sound equipment in their booths so long as the noise level does not, in the exclusive judgment of Show Management, disrupt the activities of neighboring exhibitors. Speakers and other sound devices should be positioned so as to direct sound into the booth rather than into the aisle.

Sound created by amplified devices should not exceed 80 decibels when measured from the aisle immediately in front of a booth.

Exhibitors should be aware that music played in their booths, whether live or recorded, may be subject to laws governing the use of copyrighted compositions. ASCAP, BMI, and SESAC are three authorized licensing organizations that collect copyright fees on behalf of composers and publishers of music. **Show Management does not have a license with any licensing agencies; therefore, exhibitor is responsible for obtaining licensing directly.** Adherence to these federally mandated copyright licensing laws is of critical importance.

Raffles, Drawings, and Contests

Raffles, drawings and contests, if permitted by law, are allowed in an exhibitor's booth but will be regulated by Show Management. Show Management reserves the right to limit the promotional activity anywhere on the exhibition floor as they see fit to ensure a professional and safe atmosphere. These activities include and are not limited to, handouts, contests, lotteries, promotional activities, entertainment, raffles, and drawings.

ADDITIONAL

Americans with Disabilities Act (ADA)

All exhibiting companies are required to comply with the Americans with Disabilities Act (ADA) and are encouraged to be sensitive, and as reasonably accommodating as possible, to attendees with disabilities. Click [here](#) for more information on the Americans with Disabilities Act (ADA).

Distribution of Promotional Items

Circulars, catalogs, magazines, folders, promotional, educational, or other giveaway matter may be distributed only inside the exhibitor's display. Distribution from booth to booth or canvassing on any part of the facility property is forbidden. Exhibitors must confine their exhibit activities to the space for which they have contracted.

No exhibitor may distribute or leave behind merchandise, signs, or printed materials in the registration areas, meeting rooms, or public areas of the event site, including hotels, shuttle buses, parking garages, etc., without prior written approval of Show Management.

Photography

Photography and video recording are NOT permitted in the exhibit hall except by the Official Show Photographer [PWP Studios](#) or an *approved* Exhibitor Appointed Photographer.

Exhibitors and/or *approved* Exhibitor Appointed Contractors may photograph or record their own exhibits during show days ONLY.

Photography or video recording of any area outside an exhibitor's booth (including but not limited to Registration Areas, Keynote Sessions, Conference Sessions, and Meeting Rooms) is prohibited.

Photo shoots scheduled outside of published show hours must include a security escort ordered from the official security provider or a member of the Emerald marketing department.

Members of the press must first receive permission from the exhibitor to photograph the exhibitor's booth.

Selling at Booth

Selling merchandise from your booth during the show is strictly prohibited.

Any display items sold during the show cannot be removed from the show floor until after closing on the final show day. Exhibitors who choose to sell their display items must work jointly with the purchasing party to arrange for removal of the items from the show floor, while following all move-out and labor regulations. Exhibitors must also escort the purchaser to the exhibit hall exit and confirm with security that the purchaser is authorized to remove the items from the exhibit hall.

Sharing of Exhibit Space

An exhibitor may not bridge an aisle, whether by a physical structure, carpeting, banners, etc., to connect their exhibit space with one across the aisle without permission from Show Management.

Strolling Entertainment

Strolling entertainment or moving advertisements (robots, persons carrying or wearing signs, scooters, etc.) outside an exhibitor's space are not permitted. Repeat violations will result in the confiscation of materials/promotion items involved in the violations and loss of priority points.

Suitcasing is defined as any activity designed to solicit or sell products or services to delegates attending a meeting, conference, or event without the proper authorization by Show Management or in ways that violate the rules of the event. Any attendee who is observed to be soliciting business in the aisles or other public spaces, in another company's booth, or in violation of any portion of this policy, is subject to removal without refund and additional penalties.

The selling or solicitation of product or services may only be conducted by companies in good standing, within their exhibit space, confirmed meeting or conference space or within the event as authorized by Show Management. Companies conducting business outside the confines of the exhibit hall, booth location or in unauthorized properties within [JKJCC] of the exhibit facility without the permission of Show Management are in violation of this clause.

SECURITY INFORMATION

BDNY Show Management makes every effort to protect exhibitors' merchandise and displays. Show Management will provide perimeter guard service on a 24-hour basis to include move-in, show days, and move-out. While Show Management will implement security measures to safeguard your property, neither Show Management, the Jacob K. Javits Convention Center agents nor employees assumes any responsibility for such property, loss, or theft.

Exhibitors are solely responsible for the care, custody, and control of their own exhibit space and material. Exhibitors should carry insurance for covering loss or damage to their exhibit material.

Small electronic equipment such as video players, monitors, cameras, etc., should never be left unattended. In cases where valuable equipment may not be removed to storage daily, the services of a [private booth guard are available](#).

When shipping your equipment, do not list contents on the outside of crates or cartons. Do not ship computers, monitors, tablets, or other electronic equipment in the manufacturer's cartons. Place these cartons inside larger crates or have special packaging made, which does not indicate contents.

At the close of the show, when your materials have been packed and bills of lading have been prepared, turn in your completed bills of lading at the general service contractor's service desk. Do not leave bills of lading in your booth or attached to your crates.

Tips To Help Protect Your Product

- Monitor your booth when your product is being delivered.
- Hire a security guard to watch your booth overnight.
- Perform an inventory after your product has been delivered and note any damages or missing items.
- Do not list the contents on the outside of your shipping crates/boxes. Use a code to indicate contents.
- After show hours cover your displays with a tarp or other solid material to discourage potential theft.
- Do not leave valuable exhibit materials or proprietary information under tables or behind displays when the show is closed, or your booth is unattended.
- Always staff your booth during show hours (required).
- Staff your booth until your product and/or the floor is cleared during move-out. Once the show has closed, pack as quickly as possible and do not leave your display unattended.

Contact A&M Security to hire additional security for your booth, download the [order form](#) or call 212-964-2121 for more information.
